To establish and maintain funds for awarding scholarships and prizes etc. to deserving students of the school.

To co-operate with organizations having similar objectives.

To take, in general, such steps as may be incidental or conducive to the attainment of the above objectives.

To undertake such activities as may be appropriate for encouraging students to achieve excellence in the field of education, sports, social services, etc. and organize functions/events to felicitate the students for their achievements.

To provide financial assistance to deserving educational institutions for establishing new facilities or upgrading the existing ones.

Parents and teachers together play a very important role in shaping the students into good human beings. Therefore, the school expects whole hearted co-operation from the parents.
